

How do I buy credits for FaxMagic?

FaxMagic has a number of value-added services. These all require additional credits to be able to use. In order to activate these services you therefore have to do 2 things:

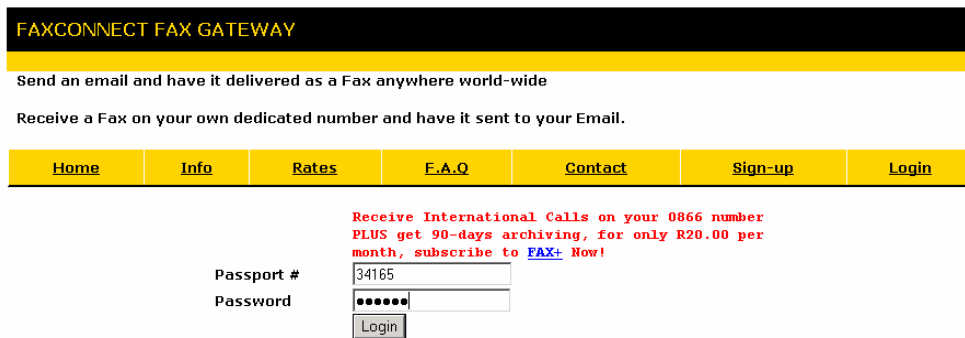

1. Buy credits
2. Allocate the credits to the required service.

To buy credits...

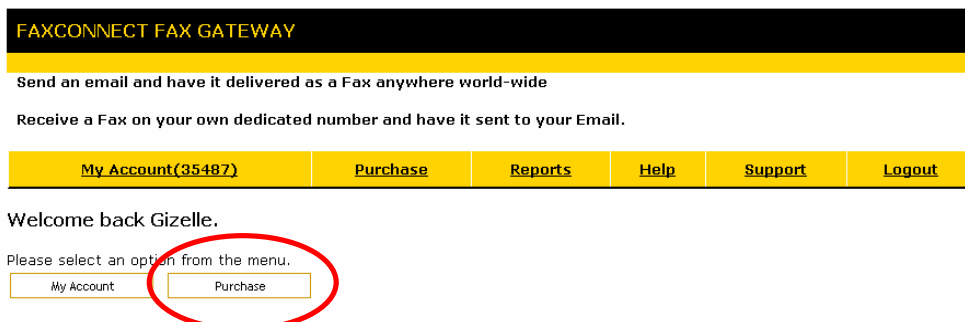

Simply open the www.faxmagic.co.za webpage and select the login option shown below.

You will then need to fill in your Passport Number and Password.

Once you have successfully been logged into your account, select "Purchase" as shown below.

The next step is to choose the service you require:

receive a fax on your own dedicated number and have it sent to your email.

If you simply wish to be able to send faxes, choose the "Upload funds to my pre-paid account in order to send faxes". Please note that the minimum payment that can be made is R100 EX VAT. You then generate a purchase order. This shows a reference number which must be put on the deposit as a reference. Once this has been done, the funds should reflect in the account within a day or 2. Depending on the bank account used, this can take as long as 5 working days in rare cases.

To activate your services...

Once you have purchased credits, these will be made available to you. You then need to select which service to allocate these credits to. To do this, go to the "Apply for services" link. Here you specify which service you wish to transfer the funds to. Once you have transferred the funds, your service will then be available until funds run out.
